Professional Summary

Enthusiastic and dedicated software development individual with 1.5 years of experience of software development lifecycle, thorough understanding of industry trends and seeking a position to utilize my skills and abilities in the field of Information Technology sector in your esteemed organization that offers professional growth while being resourceful, innovative and flexible.

Work Experiences

Web Developer | Firehub Pvt. Ltd. Kathamand-33, Maitidevi, Nepal.

28 February 2013 to 17 April 2014

- Worked with senior web developer to create desktop and web based applications using core java, #.Net, basics of Servlet and JSP, and ensuring each implement meets the brief.
- Developed the tables, stored procedures and its relationships, maintaining the integrity of tables using SQL query using MS SQL Server 2008 and verify with team members.
- Played a key role in the designing lifecycle, from brief through design, modules and release/implementation.
- Developed the modules and coordinate with the team sharing the inputs.
- Updated, monitored, enhanced and altered the existing systems and applications after performing troubleshooting measures to determine the issues as well as reviewed any changed code for quality, adherence to standards, and potential performance effects on compatible systems.

Jr. Software Engineer | IN TIME TEC Visionsoft Pvt. Ltd.| Bangalore, Karnataka,

India. 3 July 2017 to 22 November 2017

- Worked in 'Salesforce Technology' where I was assigned to develop essential chunk of program based on American client (Balsam Brand Hills-which sells the Christmas tree all over the USA, Germany, Australia, France, Philippines etc.) requirement using apex programming in a team under the lead programmer and manager in their huge project. Moreover, I also had to manage and synchronize the data making the persistence of data in each developer sandbox before launching to the main project.

- Collaborated with team to plan, develop and implement the project.
- Acknowledged the customer issues and resolved their problems quickly and efficiently.
- Effectively communicated with other employees and upper management to ensure complete care of customers.
