PYTHON DEVELOPER / ML ENTHUSIAST

I am a student of Computer Science and Information Technology. I want to develop my career in IT field as a contributor rather than rushing after some labelling like: renowned App Developer. I love to learn new skills and I want to use my skills and abilities to the fullest to achieve goal for myself and the team.

EDUCATION

- Completed B.Sc. CSIT (TU affiliated) at Kathford International College, Balkumari, Lalitpur.
- Completed Python Web Designing and Data Science Course from Deerwalk Institute of Technology, Kathmandu.
- Completed Android Course from IT Training Nepal, Putalisadak, Kathmandu.

EXPERIENCE

- 2018 - Completed 4 months' internship as a Python Developer at BI Solutions.
- Worked in open source project: 'MyFarm' at BI Solutions.
- Completed Final Year Project in Python (Text Summarizer using NLTK and News Scraper).
- 2016 - Worked in an Android Application Project for IT Training Nepal.

SKILLS

- Familiar Programming Languages: Python, Java, C++, C, SQL, HTML, JavaScript, CSS
- Operating Systems: Linux and Windows
- Experience working in Scrum Framework
- Able to work in a team environment
- Problem solving
- Dealing with stressful situations in a calm manner

ACTIVITIES

Since I joined B.Sc. CSIT, I always wanted to develop some great software. Me and my team develop bank management system in C programming during college. I like to visit tech events and workshops. Recently, I attended HEX-2018 organized by Himalaya college and TECH-TRIX organized by New Summit and Universal College.
